

Dr. Patrick Gruber to Present at ABLC NEXT in San Francisco

October 1, 2019

ENGLEWOOD, Colo., Oct. 01, 2019 (GLOBE NEWSWIRE) -- Gevo, Inc. (NASDAQ: GEVO) announced today its participation at the Advanced Bioeconomy Leadership Conference on Next-Gen Technologies and Markets (ABLC Next). Dr. Patrick Gruber, Chief Executive Officer, is scheduled to present on the Plenary Panel on Friday, November 1, 2019 at 11:00am (PDT) at Hotel Nikko in San Francisco, California.

About Gevo

Gevo is a next generation "low-carbon" fuel company focused on the development and commercialization of renewable alternatives to petroleum-based products. Low-carbon fuels reduce the carbon intensity, or the level of greenhouse gas emissions, compared to standard fossil-based fuels across their lifecycle. The most common low-carbon fuels are renewable fuels. Gevo is focused on the development and production of mainstream fuels like gasoline and jet fuel using renewable feedstocks that have the potential to lower greenhouse gas emissions at a meaningful scale and enhance agricultural production, including food and other related products. In addition to serving the low-carbon fuel markets, through Gevo's technology, Gevo can also serve markets for the production of chemical intermediate products for solvents, plastics, and building block chemicals.
